STIP AMENDMENT 02S-009 NOTICE

SUMMARY

This amendment programs \$5,114,000 from Colusa County's Unprogrammed Share Balance for eighteen new local road rehabilitation and reconstruction projects: \$2,748,000 in FY 2002-03 and \$2,366,000 in FY 2003-04.

RECOMMENDATION

The Colusa County Transportation Commission is requesting this amendment. The Department of Transportation (Department) has reviewed the amendment and found Projects No. 1-14 to be consistent and Projects No. 15-18 to be inconsistent with the California Transportation Commission (Commission) adopted State Transportation Improvement Program (STIP) guidelines. These projects have not received State only funding approval. Commission staff has indicated that the only available STIP capacity is in FY 2006-07.

RESOLUTION

Resolved, that the California Transportation Commission (Commission) revise the 2002 State Transportation Improvement Program (STIP) at the end of the 30-day notice period as shown on Attachment A:

BACKGROUND

This amendment programs \$5,114,000 from Colusa County's Unprogrammed Share Balance for eighteen new local road rehabilitation and reconstruction projects: \$2,748,000 in FY 2002-03 and \$2,366,000 in FY 2003-04

Project #1 Norman Road Rehabilitation (PPNO 3L70)

This amendment programs \$1,087,000 in Regional Improvement Program (RIP) funds for road rehabilitation on Norman Road. The street is deteriorating and has structural failure. Failed sections will be removed and repaired with pavement reinforcing fabric and asphalt concrete. Wheel rutting will be rectified and drainage will be restored as well as preventing water infiltration.

Project #2 Grimes/Arbuckle Road Rehabilitation (PPNO 3L80)

This amendment programs \$600,000 in RIP funds for road rehabilitation on Grimes-Arbuckle Road. Failed sections will be removed and repaired with pavement reinforcing fabric and asphalt concrete. Wheel rutting will be rectified and drainage will be restored as well as preventing water infiltration.

Project #3 Highway 99W Road Rehabilitation (PPNO 3L81)

This project programs \$447,000 in RIP funds for road rehabilitation on Highway 99W. Failed sections will be removed and repaired with pavement reinforcing fabric and asphalt concrete. Wheel rutting will be rectified and drainage will be restored as well as preventing water infiltration.

Project #4 Hahn Road Rehabilitation (PPNO 3L82)

This project programs \$678,000 in RIP funds for road rehabilitation on Hahn Road. Failed sections will be removed and repaired with pavement reinforcing fabric and asphalt concrete. Wheel rutting will be rectified and drainage will be restored as well as preventing water infiltration.

Project #5 Seventh Street Rehabilitation (PPNO 3L35)

This project programs \$87,000 in RIP funds for road rehabilitation on Seventh Street. Failed sections will be removed and repaired with pavement reinforcing fabric and asphalt concrete.

Project #6 Parkhill Street Rehabilitation (PPNO 3L51)

This project programs \$119,000 in RIP funds for road rehabilitation on Parkhill Street. The street is deteriorating and has structural failures. This project will remove street section and replace with asphalt.

Project #7 Wescott Road Rehabilitation (PPNO 3L60)

This project programs \$495,000 in RIP funds for road rehabilitation on Wescott Road. Failed sections will be removed and repaired with pavement reinforcing fabric and asphalt concrete.

Project #8 Louis Lane Rehabilitation (PPNO 3L83)

This project programs \$237,000 in RIP funds for road rehabilitation on Louis Lane. Failed sections will be removed and repaired with pavement reinforcing fabric and asphalt concrete.

Project #9 Sioc Street Rehabilitation (PPNO 3L84)

This project programs \$445,000 in RIP funds for road rehabilitation on Sioc Street. Failed sections will be removed and repaired with pavement reinforcing fabric and asphalt concrete.

Project #10 B Street Rehabilitation (PPNO 3L88)

This project programs \$180,000 in RIP funds for road rehabilitation on B Street. Failed sections will be removed and repaired with pavement reinforcing fabric and asphalt concrete.

Project #11 Eighth Street Rehabilitation (PPNO 3L89)

This project programs \$180,000 in RIP funds for road rehabilitation on Eighth Street. Failed sections will be removed and repaired with pavement reinforcing fabric and asphalt concrete.

Project #12 Ninth Street Rehabilitation (PPNO 3L91)

This project programs \$190,000 in RIP funds for road rehabilitation on Ninth Street. Failed sections will be removed and repaired with pavement reinforcing fabric and asphalt concrete.

Project #13 Fourth Street Rehabilitation (PPNO 3L92)

This project programs \$55,000 in RIP funds for road rehabilitation on Fourth Street. The asphalt exhibits extensive cracking and deterioration. This project will repair the deteriorated sections with reinforcing fabric and an asphalt concrete overlay.

Project #14 Eighth Street Reconstruction (PPNO 3L94)

This project programs \$100,000 in RIP funds for road reconstruction on Eighth Street. There is an insufficient structural section, leading to pavement cracking and deterioration. This project will reconstruct the roadway, gutter and sidewalk.

Project #15 G Street Chip Seal (PPNO 3L90)

This project programs \$20,000 in RIP funds to perform chip seal work on G Street. The pavement surface is failing. This project will place chip seal over the road surface, sealing the road from further water intrusion.

Project #16 Chip Seal at various locations (PPNO 3L93)

This project programs \$55,000 in RIP funds to perform chip seal work at various locations. The asphalt exhibits extensive cracking and deterioration. This project will place chip seal over the road surface, sealing the road from further water intrusion.

Project #17 Alley Rehabilitation – Third to Fourth Street and Market to Main Street (PPNO 3L86)

This project programs \$66,000 in RIP funds for alley rehabilitation at various locations. Failed sections will be removed and repaired with pavement reinforcing fabric and asphalt concrete.

Project #18 Alley Rehabilitation – Tenth to Eleventh Street and Webster to Lafayette Street (PPNO 3L87)

This project programs \$73,000 in RIP funds for alley rehabilitation at various locations. Failed sections will be removed and repaired with pavement reinforcing fabric and asphalt concrete.
